

RFI – GAUL – Underwater Survey 2002

Daily Report No 2

On board *SEISRANGER*

Date:	27/06/02	Time:	24.00	Day No. (On Site):	0
Location:	Bergen Container Terminal				
Weather: (past 24 hours)	Fair, good vis	Sea State:	4/5	Wind Speed & Direction:	NW 20k
Weather: (next 3-5 days)	Expected weather on-site 30 June (ETA) Force 2-3 with max wave height 2.0m				

Summary:

A constructive meeting was held between the MAIB, family representatives, and advisors on various loss scenarios.

All relevant personnel physically shown the large quantity of survey equipment on the aft deck in detail.

Ship conducted onboard safety drill.

Progress over the last 24 hours:

On passage from Aberdeen to Bergen. Arrived Bergen 2150 local time.

Plan for the next 24 hours:

On completion of crew change, provisioning, and refuelling (estimate 0300 local time) will sail for passage to wreck site (approximately 2.5-3 days). Intend to continue discussions between MAIB, family reps, and advisors, including review of video footage from previous survey.
